## Description

Set in 110 hectares of property where 77 are vineyards, the borgo offers its guests the opportunity to live a unique experience of the traditions of the Italian wine world. Consisting of a main village and four smaller villages, all located in the heart of the vineyards, the Borgo CONDÉ is the perfect retreat where one can spend a holiday period, full of culture, rest and quality wine; it is also the ideal place for business or business trips. Thanks to a unique panorama, the elegance of the three restaurants and two meeting rooms, to the confidentiality and professionalism of our staff, the Borgo CONDÉ is also ideal for ceremonies, weddings, gala dinners and meetings, without forgetting our Wellness SPA, 2 outdoor pools and Fitness center that are available to our guests. The 39 suites, Junior Suites and Family Suites divided between the main village and four smaller villages located in the vineyards, recall the charm of old stately residences of the countryside. The refined atmosphere but at the same time welcoming environments, the care for details and the frame of the vineyards make each room unique and filled with charm.
