Located on 20 km from Varna, on the coast of the Beloslavic lake in 1893 was founded the first glass factory in Bulgaria.

During the tour in the museum, the visitors are welcomed by a professional in this area, who does not only tell them but demonstrate them in 7 minutes, how are the beautiful figures made. They will be shown the robot which helps the glassmakers. They are going to see a 100 years old furnace for glass baking, which is not functional anymore, but has very unique and beautiful colors.

The visitors (children and elder people) can participate in a small procedure, in which they create something small from glass with their own hands, which they can take home as a souvenir. In the souvenir shop of the museum, there can be found eye taking glass crafts, which are a perfect gift for family or friends.
